XII. Report on Plans for Project No. Ky-CH-69 (D)XIII. Enrollment

The total enrollment for the year 1962-63 is 3,609 as compared with 3,681 last year. This resulted from having fewer part-time students. Enrollment of students taking full-time load is 3,209 as compared with 3,147 full-time students in 1961-62. The equated enrollment this year is 3,392 as compared with 3,331 last year. We will endeavor to offer more evening and Saturday classes for people other than teachers in the second semester. One reason for the drop off of part-time students is that a number of teachers who have been working for degrees have completed undergraduate degrees and graduate degrees. It behooves us to extend our graduate program. Also, our selectivity this year was a bit more stringent in that we turned down 140 applicants from out of state students as compared with 70 last year.

XIV. (A) The Business and Education Building is complete and is one of the most useable facilities for programs in business, education and psychology in the country.

(B) Franklin Hall is completed. We were able to use only two and one-half floors at the beginning of school. Therefore, the dormitory is not completely filled at this time, but no doubt men who are living in less desirable facilities will be interested in moving into the dormitory. The sidewalks have been completed.

(C) The Cafeteria is a beautiful and spacious building and should serve our cafeteria needs for many years to come.

XV. Roads and Drives

The street in front of Wilson Hall and the Administration Building and 15th Street have been completed. The Highway Department marked off the parking area.

This is a distinct addition and I have, for the College, expressed appreciation to the Commissioner of Highways and to the District Highway Engineer. Also, the roads in Orchard Heights are complete through the very able assistance of the Department of Highways.

XVI. Evaluation of Murray State College by the Southern Association of Colleges and Secondary Schools and by the National Council for Accreditation of Teacher Education.

XVII. Developing the new 75-Acre Farm

On this farm there is a house that can be used. We have already built a lake that will supply water for hogs, poultry, and other livestock. Half of the cost of this lake was paid by the Agricultural Stabilization and Conservation Service. It will be necessary to build a hog feeding building which will include facilities for feeding garbage. This appears to be the first building we should build and it will probably require an outlay of \$3,500. Later on, it will be necessary to build a farrowing house, to move the poultry house, and to move the beef cattle barn. As we expand the building program on Orchard Heights, it will be necessary to move the poultry house and the farrowing house from Orchard Heights.

XVIII. Telephone Situation in Wells and Clark Halls.

XIX. Report of the National Defense Student Loan Program

XX. Report of the Thomas P. Norris Student Loan Fund.

XXI. Report of the Business Manager

XXII. Other Matters that need to come before the Board.

A. Summer Sabbatical Leave Request for 1963

Rex Alexander -- Health and P. E.

B. Application for Federal grant to assist in constructing the Maintenance Service Building.

C. Employment of Dr. Carsie Hammonds

D. Revision of Tenure Policy

E. Revision of Summer Sabbatical Leave Policy

Respectfully submitted,
/s/ R. H. Woods
President

Employment of Dr. Carsie Hammonds

Dr. Woods stated that some time ago he had appointed a Professional Improvement Committee. The Committee met and suggested that we have someone come and make approximately four lectures to the faculty on Teaching and Learning, and further recommended that Dr. Carsie Hammonds of the University of Kentucky be contacted. Dr. Hammonds has been contacted and he will come to Murray and make four lectures to the faculty--one each month January through April, 1963. Dr. Woods requested the Board's authorization to employ Dr. Hammonds for this series of lectures.

Mr. Doran moved that the Board authorize President Woods to proceed with employing Dr. Carsie Hammonds to give a series of lectures--a minimum of four and not to exceed five--to the faculty of Murray State College on Teaching and Learning, and that the Board further authorize the President to pay \$100 per lecture and \$50 for expenses for each trip.

"We, the Board of Regents of Murray State College, shall have full power and authority in the management and control of this institution to appoint, employ and contract with a president, and on recommendation of the president to appoint, employ and contract with professors, associate professors, assistant professors, instructors, and other such employees as may be necessary in the proper operation of this school, and to fix their compensations and their respective terms. A president, professor, or associate professor shall obtain tenure after a period of three years and may be removed by the Board of Regents for immorality, inefficiency, incompetency, or failure to cooperate in the plans and policies of the college, or failure to perform satisfactorily the duties assigned or for conduct that has destroyed his usefulness to the institution. Provided, however, in unusual cases if it appears that a longer period is needed to determine such efficiency of a teacher, then the Board may continue the employment for two years without the employee having attained tenure. If a president, professor, or associate professor is to be removed after having attained tenure, provision will be made for a hearing before the Board of Regents. A notice setting forth inefficiencies or failures will be furnished the person in due written form at least ten days prior to the date set for the hearing. Charges against a president shall be preferred by the Chairman of the Board upon written information furnished to him, and charges against a professor or associate professor shall be preferred by the President."

Summer Sabbatical Leave Policy, Revised

Mr. Hall moved that the Summer Sabbatical Leave Policy be revised to read as follows:

"Faculty members employed on a full time basis may be off each fourth summer with pay. The person granted the summer sabbatical is expected to return to his position in September. A recipient of sabbatical leave pay will be expected to sign an agreement to refund his sabbatical leave pay if he fails to return to his teaching duties.

A person who does not have a doctor's degree, availing himself of sabbatical leave, must spend a minimum of eight weeks in further graduate study in order to receive sabbatical pay. A person with a doctorate may do further graduate study or engage in such activities as will increase his professional efficiency. The person must present his program for the sabbatical leave period to the president for approval. A report on worthwhile professional experiences during the sabbatical leave period will be expected."

Mr. Long seconded and the roll was called on the adoption of the motion with the following results: Mr. Doran, aye; Mr. Hall, aye; Mr. Long, aye; Mr. Springer, aye; and Mr. White, aye.

Auditing Murray State College Accounts

Dr. Woods stated that Mr. Joe Schneider, Auditor of Public Accounts for the Commonwealth of Kentucky, advised Mr. Ordway that he did not have sufficient operating appropriation to stand the full cost of auditing and examining the records of Murray State College for the past fiscal year. Mr. Schneider further stated that he had been paying 50% of the auditing cost of the various departments, institutions, and agencies and that the institution, agency or department would pay 50%, and asked that we pay one-half of the cost of auditing our records up to \$1,500 and further advised that if we could not pay half the cost, that he would be unable to do the audit and examination.

In view of the fact that it is necessary to have our records audited each year so that an approved audit can be furnished the various accrediting agencies such as Southern Association of Schools and Colleges, NCATE, and the Housing and Home Finance Agency, it is recommended that we stand one-half the cost up to \$1,500.

Mr. Doran moved that the Board authorize the expenditure of up to \$1,500 to have the Auditor of Public Accounts audit and examine the books of Murray State College for the fiscal year ending June 30, 1962. Mr. Springer seconded and the roll was called on the adoption of the motion with the following voting: Mr. Doran, aye; Mr. Hall, aye; Mr. Long, aye; Mr. Springer, aye; Mr. White, aye.
